

TOP 3 REASONS Oliver Design Is Different

1

BIOTECHNOLOGY IS IN OUR DNA

Pharmaceutical and biotechnology regulations, manufacturing requirements, and industry-specific packaging. **We know it better than anyone else because it is all we do.**

100%
of our time is
dedicated
to this market

2

WE DESIGN FOR MANUFACTURE

Unlike other creative design agencies, we design packaging that is beautiful and distinct ... but also **manufacture ready.**

**DESIGNS
IMMEDIATELY
READY FOR
PRODUCTION**

3

RAPID PROTOTYPING & PRODUCTION QUALITY SAMPLES IN DAYS, NOT WEEKS

We design comprehensive packaging solutions. Gone are the days of needing a different vendor for each packaging component, and we do it **quickly.**

**SCALABILITY
and
SPEED**
